**Eligible service expense** means a covered service expense as determined below.

1. For network providers: When a covered service is received from a network provider, the eligible service expense is the contracted fee with that provider. The contracted fee will be paid directly to the network provider.

2. For non-network providers: When a covered service is received from a non-network provider, the eligible service expense is the minimum amount required by applicable federal or state law to be paid to the non-network provider for the service. If and only if there is no minimum amount required by applicable federal or state law, then the eligible service expense for a non-network provider shall be as determined below.

   a. When a covered service is received from a non-network provider as a result of an emergency and there is not a network provider reasonably accessible to render the covered service, the eligible service expense is the lesser of (1) the negotiated fee, if any, that has been mutually agreed upon by us and the provider as payment in full (you will not be billed for the difference between the negotiated fee and the provider’s charge), or (2) the amount accepted by the provider (not to exceed the provider’s charge).

   b. When a covered service is received from a non-network provider as a result of an emergency and there is a network provider reasonably accessible to render the covered service, the eligible service expense is the least of (1) the negotiated fee, if any, that has been mutually agreed upon by us and the provider as payment in full, (2) the amount accepted by the provider (not to exceed the provider’s charge), or (3) the usual and customary charge for similar services in the community where the covered services were provided. You will not be billed for the difference between the amount paid and the provider’s charge.

   c. When a covered service is received from a non-network provider as approved or authorized by us that is not the result of an emergency, the eligible service expense is the negotiated fee, if any, that has been mutually agreed upon by us and the provider as payment in full (you will not be billed for the difference between the negotiated fee and the provider’s charge). If there is no negotiated fee agreed to by the provider with us, the eligible service expense is the greater of (1) the amount that would be paid by Medicare, or (2) the contracted amount paid to network providers for the covered service. If there is more than one contracted amount with network providers for the covered service, the amount is the median of these amounts. You may be billed for the difference between the amount paid and the provider’s charge.

   d. When a covered service that is not the result of an emergency is received from a non-network provider at a facility that is a network provider and you do not have the ability and opportunity to choose an available network provider at such facility, the eligible service expense is the least of (1) the negotiated fee, if any, that has been mutually agreed upon by us and the provider as payment in full, (2) the amount accepted by the provider (not to exceed the provider’s charge), or (3) the usual and customary charge for similar services in the community where the covered services were provided. You will not be billed for the difference between the amount paid and the provider’s charge.

   e. When a covered service is received from a non-network provider that is not the result of an emergency and is not approved or authorized by us, and is not within the scope of services provided by any network provider, the eligible service expense is the negotiated fee, if any, that has been mutually agreed upon by us and the provider as payment
in full (you will not be billed for the difference between the negotiated fee and the provider's charge). If there is no negotiated fee agreed to by the provider with us, the eligible service expense will be an amount that is no less than ten percentage points lower than the usual and customary percentage rate paid to network providers. You may be billed for the difference between the amount paid and the provider's charge.

**Emergency** means a medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) which requires immediate (no later than 24 hours after onset) medical or surgical care and such that an average person who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in:

1. Placing the health of the member (or, with respect to a pregnancy, the health of the member or the unborn child) in serious jeopardy;
2. Serious impairment to bodily functions; or
3. Serious dysfunction of any bodily organ or part.

With Respect to a pregnancy:

1. that there is inadequate time to effect a safe transfer to another hospital prior to delivery;
2. that the transfer may pose a threat to the health and safety of the patient or fetus; or
3. that there is evidence of the onset and persistence of uterine contractions or rupture of the membranes.

**Emergency services and care** shall mean medical screening, examination, and evaluation by a physician, or, to the extent permitted by applicable law, by other appropriate personnel under the supervision of a physician, to determine if any emergency medical condition exists and, if it does, the care, treatment, or surgery for a covered service by a physician necessary to relieve or eliminate the emergency medical condition, within the service capability of a hospital.

2. The date of entry of an order granting you or your spouse custody of the child for the purpose of adoption.

Adding Other Dependent Members
If you are enrolled in an off-exchange policy and apply in writing to add a dependent member and you pay the required premiums, we will send you written confirmation of the added dependent member’s effective date of coverage and ID Cards for the added dependent member.
ONGOING ELIGIBILITY

For All Members

A member’s eligibility for coverage under this contract will cease on the earlier of:

1. The date that a member has failed to pay premiums or contributions in accordance with the terms of this contract or the date that we have not received timely premium payments in accordance with the terms of this contract; or

2. The date the member has performed an act or practice that constitutes fraud or made an intentional misrepresentation of a material fact (e.g., the date that a member accepts any direct or indirect contributions or reimbursement by or on behalf of an employer, for any portion of the premium for coverage under this contract); or

3. The date a member’s employer and a member treat this contract as part of an employer-provided health plan for any purpose, including tax purposes; or

4. The date we receive a request from you to terminate this contract, or any later date stated in your request, or if you are enrolled through the Marketplace, the date of termination that the Marketplace provides us upon your request of cancellation to the Marketplace; or

5. The date we decline to renew this contract, as stated in the Discontinuance provision; or

6. The date of a member’s death; or

7. The date a member’s eligibility for coverage under this contract ceases due to losing network access as the result of a permanent move.

For Dependent Members

A dependent member will cease to be a member at the end of the premium period in which he or she ceases to be your dependent member due to divorce or if a child ceases to be an eligible child. For eligible children, coverage will terminate the thirty-first of December the year that the dependent turns 30 years of age.

All enrolled dependent members will continue to be covered until the age limit listed in the definition of eligible child above.

We must receive notification within 90 days of the date a dependent member ceases to be an eligible dependent member. If notice is received by us more than 90 days from this date, any unearned premium will be credited only from the first day of the contract/calendar month in which we receive the notice.

A member will not cease to be a dependent eligible child solely because of age if the eligible child is:

1. Not capable of self-sustaining employment due to mental handicap or physical handicap that began before the age limit was reached; and

2. Mainly dependent on you for support.

If health benefits are denied for the stated reason that the child has reached the limiting age for dependent coverage specified in this contract, the member has the burden of establishing that the child continues to meet the criteria specified above. Failure to provide the required proof may result in the dependent’s termination of coverage.

The coverage of the handicapped child may be continued, but not beyond the termination date of such incapacity or such dependence. This provision shall in no event limit the application of any other contract provisions terminating such child’s coverage for any other reason than the attainment of the limiting age.
Out of Service Area Dependent Member Coverage
A dependent member’s coverage will not cease should the dependent member live outside the service area if a court order requires the member to cover such dependent member.

Open Enrollment
There will be an open enrollment period for coverage on the Health Insurance Marketplace. The open enrollment period begins November 1, 2017 and extends through December 15, 2017. Qualified individuals who enroll on or before December 15, 2017 will have an effective date of coverage on January 1, 2018.

The Health Insurance Marketplace may provide a coverage effective date for a qualified individual earlier than specified in the paragraphs above, provided that either:

1. The qualified individual has not been determined eligible for advance premium tax credits or cost-sharing reductions; or
2. The qualified individual pays the entire premium for the first partial month of coverage as well as all cost sharing, thereby waiving the benefit of advanced premium tax credit and cost-sharing reduction payments until the first of the next month. We will send written annual open enrollment notification to each member no earlier than the first of September, and no later than the thirtieth of September.

Special and Limited Enrollment
A qualified individual has 60 days to report a qualifying event to the Health Insurance Marketplace and could be granted a 60 day Special Enrollment Period as a result of one of the following events:

1. A qualified individual or dependent loses minimum essential coverage; or
2. A qualified individual gains a dependent or becomes a dependent through marriage, birth, adoption or placement for adoption of a member or their spouse; or
3. An individual, who was not previously a citizen, national, or lawfully present individual gains such status; or
4. A qualified individual’s enrollment or non-enrollment in a qualified health plan is unintentional, inadvertent, or erroneous and is the result of the error, misrepresentation, or inaction of an officer, employee, or agent of the Health Insurance Marketplace or HHS, or its instrumentalities as evaluated and determined by the Health Insurance Marketplace. In such cases, the Health Insurance Marketplace may take such action as may be necessary to correct or eliminate the effects of such error, misrepresentation, or inaction; or
5. An enrollee adequately demonstrates to the Health Insurance Marketplace that the qualified health plan in which he or she is enrolled substantially violated a material provision of its contract in relation to the enrollee; or
6. An individual is determined newly eligible or newly ineligible for advance payments of the premium tax credit or has a chance in eligibility for cost-sharing reductions, regardless of whether such individual is already enrolled in a qualified health plan; or
7. A qualified individual or enrollee gains access to new qualified health plans as a result of a permanent move; or
8. Qualifying events as defined under section 603 of the Employee Retirement Income Security Act of 1974, as amended; or
9. An Indian, as defined by section 4 of the Indian Health Care Improvement Act, may enroll in a qualified health plan or change from one qualified health plan to another one time per month; or
10. A qualified individual or enrollee demonstrates to the Health Insurance Marketplace, in accordance with guidelines issued by HHS, that the individual meets other exceptional circumstances as the Health Insurance Marketplace may provide.
The Health Insurance Marketplace may provide a coverage *effective date* for a *qualified individual* earlier than specified in the paragraphs above, provided that either:

1. The *qualified individual* has not been determined eligible for *advanced payments of the premium tax credit* or *cost-sharing reductions*; or

2. The *qualified individual* pays the entire premium for the first partial month of coverage as well as all *cost sharing*, thereby waiving the benefit of *advanced payments of the premium tax credit* and *cost-sharing reduction* payments until the first of the next month.
PREMIUMS

Premium Payment
Each premium is to be paid on or before its due date. The initial premium must be paid prior to the coverage effective date, although an extension may be provided during the annual Open Enrollment period.

Grace Period
When a member is receiving a premium subsidy:
After the first premium is paid, a grace period of three (3) months from the premium due date is given for the payment of premium. Coverage will remain in force during the grace period. If full payment of premium is not received within the grace period, coverage will be terminated as of the last day of the first month during the grace period, if advanced premium tax credits are received.

We will continue to pay all appropriate claims for covered services rendered to the member during the first month of the grace period, and may pend claims for covered services rendered to the member in the second and third month of the grace period. We will continue to collect advance premium tax credits on behalf of the member from the Department of the Treasury, and will return the advance premium tax credits on behalf of the member for the second and third month of the grace period if the member exhausts their grace period as described above. A member is not eligible to re-enroll once terminated, unless a member has a special enrollment circumstance, such as a marriage or birth in the family or during annual open enrollment periods.

When a member is not receiving a premium subsidy:
Premium payments are due in advance, on a calendar month basis. Monthly payments are due on or before the first day of each month for coverage effective during such month. There is a one (1) month grace period. This provision means that if any required premium is not paid on or before the date it is due, it may be paid during the grace period. During the grace period, the Contract will stay in force. We will notify HHS, as necessary, of the non-payment of premiums, the member, as well as providers of the possibility of denied claims when the member is in the grace period.

Third Party Payment of Premiums
Ambetter requires each policy holder to pay his or her premiums and this is communicated on your monthly billing statements. Ambetter payment policies were developed based on guidance from the Centers for Medicare and Medicaid Services (CMS) recommendations against accepting third party premiums. Consistent with CMS guidance, the following are the ONLY acceptable third parties who may pay Ambetter premiums on your behalf:

1. Ryan White HIV/AIDS Program under title XXVI of the Public Health Service Act;
2. Indian tribes, tribal organizations or urban Indian organizations;
3. State and Federal Government programs; or
4. Family members.

Upon discovery that premiums were paid by a person or entity other than those listed above, we will reject the payment and inform the member that the payment was not accepted and that the subscription charges remain due.
Misstatement of Age
If a member’s age has been misstated, the benefits may be adjusted based on the relationship of the premium paid to the premium that should have been paid, based on the correct age.

Change or Misstatement of Residence
If you change your residence, you must notify the Health Insurance Marketplace of your new residence within 60 days of the change. As a result your premium may change and you may be eligible for a Special Enrollment Period. See the section on Special Enrollment Periods for more information.

Misstatement of Tobacco Use
The answer to the tobacco question on the application is material to our correct underwriting. If a member's use of tobacco has been misstated on the member's application for coverage under this contract, we have the right to rerate the contract back to the original effective date.

Billing/Administrative Fees
Upon prior written notice, we may impose an administrative fee for credit card payments. This does not obligate us to accept credit card payments. We will charge a $20 fee for any check or automatic payment deduction that is returned unpaid.
COST SHARING FEATURES

Cost Sharing Features
We will pay benefits for covered services as described in the Schedule of Benefits and the Major Medical Expense Benefits section of this contract. Benefits we pay will be subject to all conditions, limitations, and cost sharing features of this contract. Cost sharing means that you participate or share in the cost of your healthcare services by paying deductible amounts, copayments and coinsurance for some covered services. For example, you may need to pay a copayment or coinsurance amount when you visit your physician or are admitted into the hospital. The copayment or coinsurance required for each type of service as well as your deductible is listed in your Schedule of Benefits.

Copayments
Members may be required to pay copayments at the time of services as shown in the Schedule of Benefits. Payment of a copayment does not exclude the possibility of an additional billing if the service is determined to be a non-covered service. Copayments do not apply toward the deductible amount, but do apply toward meeting the maximum out-of-pocket amount.

Coinsurance Percentage
Members may be required to pay a coinsurance percentage in excess of any applicable deductible amount(s) for a covered service or supply. Coinsurance amounts do not apply toward the deductible but do apply toward meeting the maximum out-of-pocket amount. When the annual maximum out-of-pocket has been met, additional covered service expenses will be 100%.

Deductible
The deductible amount means the amount of covered service expenses that must be paid by each/all members before any benefits are provided or payable. The deductible amount does not include any copayment amount or coinsurance amount. Not all covered service expenses are subject to the deductible amount. See your Schedule of Benefits for more details. Deductible amounts are applied for a calendar year and do not roll over to the next calendar year.

Refer to your Schedule of Benefits for Coinsurance Percentage and other limitations.
The amount provided or payable will be subject to:
1. Any specific benefit limits stated in the contract; and
2. A determination of eligible service expenses.

The applicable deductible amount(s), cost sharing percentage, and copayment amounts are shown on the Schedule of Benefits.

Note: The bill you receive for services or supplies from a non-network provider may be significantly higher than the eligible service expenses for those services or supplies. In addition to the deductible amount, copayment amount, and cost sharing percentage, you are responsible for the difference between the eligible service expense and the amount the non-network provider bills you for the services or supplies. Any amount you are obligated to pay to the non-network provider in excess of the eligible service expense will not apply to your deductible amount or maximum out-of-pocket.
ACCESS TO CARE

Primary Care Physician
In order to obtain benefits, you must designate a network primary care physician for each member. You may select any network primary care physician who is accepting new patients. However, you may not change your selection more frequently than once each month. If you do not select a network primary care physician for each member, one will be assigned. You may obtain a list of network primary care physicians at our website or by contacting our Member Services department.

Your network primary care physician will be responsible for coordinating all covered health services and making referrals for services from other network providers. You do not need a referral from your network primary care physician for obstetrical or gynecological treatment and may seek care directly from a network obstetrician or gynecologist.

You may change your network primary care physician by submitting a written request, online at our website, or by contacting our office at the number shown on your identification card. The change to your network primary care physician of record will be effective no later than 30 days from the date we receive your request.

Referral Required For Maximum Benefits
You do not need a referral from your network primary care physician for obstetrical or gynecological treatment from a network obstetrician or gynecologist. For all other network specialist physicians, you may be required to obtain a referral from your network primary care physician for benefits to be payable under your contract or benefits payable under this contract may be reduced. Please refer to the Schedule of Benefits.

Network Availability
Your network is subject to change upon advance written notice. A network service area may not be available in all areas. If you move to an area where we are not offering access to a network, the network provisions of the contract will no longer apply. In that event, benefits will be calculated based on the eligible service expense, subject to the deductible amount for network providers. You will be notified of any increase in premium.

Coverage Under Other Policy Provisions
Charges for services and supplies that qualify as covered service expenses under one benefit provision will not qualify as covered service expenses under any other benefit provision of this contract.

The repair, adjustment or replacement of the purchased equipment, supply or appliance is covered if:
• The equipment, supply or appliance is a covered service;
• The continued use of the item is medically necessary; and
• There is reasonable justification for the repair, adjustment, or replacement (warranty expiration is not reasonable justification).

In addition, replacement of purchased equipment, supplies or appliance may be covered if:
1. The equipment, supply or appliance is worn out or no longer functions.
2. Repair is not possible or would equal or exceed the cost of replacement. An assessment by a habilitation equipment specialist or vendor should be done to estimate the cost of repair.
3. Individual’s needs have changed and the current equipment is no longer usable due to weight gain, rapid growth, or deterioration of function, etc.
4. The equipment, supply or appliance is damaged and cannot be repaired.

Benefits for repairs and replacement do not include the following:
• Repair and replacement due to misuse, malicious breakage or gross neglect.
• Replacement of lost or stolen items.

We may establish reasonable quantity limits for certain supplies, equipment or appliance described below.

Durable medical equipment
The rental (or, at our option, the purchase) of durable medical equipment prescribed by a physician or other provider. Examples include but are not limited to wheelchairs, crutches, hospital beds, and oxygen equipment. Rental costs must not be more than the purchase price. The plan will not pay for rental for a longer period of time than it would cost to purchase equipment. The cost for delivering and installing the equipment are covered services. Payment for related supplies is a covered service only when the equipment is a rental, and medically fitting supplies are included in the rental; or the equipment is owned by the member; medically fitting supplies may be paid separately. Equipment should be purchased when it costs more to rent it than to buy it. Repair of medical equipment is covered.

performed, intraocular lenses are usually inserted during the same operative session). Eyeglasses (for example bifocals) including frames or contact lenses are covered when they replace the function of the human lens for conditions caused by cataract surgery or injury; the first pair of contact lenses or eyeglasses are covered. The donor lens inserted at the time of surgery are not considered contact lenses, and are not considered the first lens following surgery. If the injury is to one eye or if cataracts are removed from only one eye and the member selects eyeglasses and frames, then reimbursement for both lenses and frames will be covered.

**Prescription Drug Expense Benefits**
*Covered service expenses* in this benefit subsection are limited to charges from a licensed *pharmacy* for:

1. A *prescription drug*.
2. Any drug that, under the applicable state law, may be dispensed only upon the written prescription by a *physician*.

See the Formulary and *Schedule of Benefits* for additional information on drug coverage, benefit levels or additional limits.

The appropriate drug choice for a *member* is a determination that is best made by the *member* and his or her *physician*.

**Non-Formulary Prescription Drugs:**
Under Affordable Care Act, you have the right to request coverage of prescription drugs that are not listed on the plan formulary (otherwise known as “non-formulary drugs”). To exercise this right, please get in touch with your *medical practitioner*. Your *medical practitioner* can utilize the usual *prior authorization* request process. See “Prior Authorization” below for additional details.

**Prescription Drug Exception Process**

1. **Standard exception request**
   A *member*, a *member’s* designee or a *member’s* prescribing *physician* may request a standard review of a decision that a drug is not covered by the plan. The request can be made in writing or via telephone. Within 72 hours of the request being received, we will provide the *member*, the *member’s* designee or the *member’s* prescribing *physician* with our coverage determination. Should the standard exception request be granted, we will provide coverage of the non-formulary drug for the duration of the prescription, including refills.

2. **Expedited exception request**
   A *member*, a *member’s* designee or a *member’s* prescribing *physician* may request an expedited review based on exigent circumstances. Exigent circumstances exist when a *member* is suffering from a health condition that may seriously jeopardize the enrollee’s life, health, or ability to regain maximum function or when an enrollee is undergoing a current course of treatment using a non-formulary drug. Within 24 hours of the request being received, we will provide the *member*, the *member’s* designee or the *member’s* prescribing *physician* with our coverage determination. Should the expedited exception request be granted, we will provide coverage of the non-formulary drug for the duration of the exigency.

3. **External exception request review**
   If we deny a request for a standard exception or for an expedited exception, the *member*, the *member’s* designee or the *member’s* prescribing *physician* may request that the original exception request and subsequent denial of such request be reviewed by an independent review organization. We will make our determination on the external exception request and notify the *member*, the *member’s* designee or the *member’s* prescribing *physician* of our coverage determination no later than 72 hours following receipt of the request, if the original request was a standard exception, and no later than 24 hours following its receipt of the request, if the original request was an expedited exception.
If we grant an external exception review of a standard exception request, we will provide coverage of the non-formulary drug for the duration of the prescription. If we grant an external exception review of an expedited exception request, we will provide coverage of the non-formulary drug for the duration of the exigency.

Preventive Care Expense Benefits
Covered service expenses are expanded to include the charges incurred by a member for the following preventive health services if appropriate for that member in accordance with the following recommendations and guidelines:

1. Evidence based items or services that have in effect a rating of A or B in the current recommendations of the United States Preventive Services Task Force.
2. Immunizations that have in effect a recommendation from the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention with respect to an individual which includes pediatric and adult immunizations.
3. Evidence-informed preventive care and screenings for infants, children, and adolescents, in accordance with comprehensive guidelines supported by the Health Resources and Services Administration which includes well-child care from birth.
4. Additional preventive care and screenings not included in (1) above, in accordance with comprehensive guidelines supported by the Health Resources and Services Administration.
5. Covers without cost sharing:
   a. Screening for tobacco use; and
   b. For those who use tobacco products, at least two (2) cessation attempts per year. For this purpose, covering a cessation attempt includes coverage for:
      i. Four (4) tobacco cessation counseling sessions of at least ten (10) minutes each (including telephone counseling, group counseling and individual counseling) without prior authorization; and
      ii. All Food and Drug Administration (FDA) approved tobacco cessation medications (including both prescription and over-the-counter medications) for a 90-day treatment regimen when prescribed by a health care provider without prior authorization.

Benefits for preventive health services listed in this provision, except under the administration of reasonable medical management techniques discussed in the next paragraph, are exempt from any deductible amounts, cost sharing percentage provisions, and copayment amounts under the contract when the services are provided by a network provider. If a service is considered diagnostic or non-preventive care, your “plan” copayment, coinsurance and deductible will apply. It’s important to know what type of service you’re getting. If a diagnostic or non-preventive service is performed during the same healthcare visit as a preventive service, you may have copayment and coinsurance charges.
Benefits for *covered expenses* for preventive care expense and chronic disease management benefits may include the use of reasonable medical management techniques authorized by federal law to promote the use of preventive services from *network providers*. Reasonable medical management techniques may result in the application of *deductibles*, *coinsurance* provisions, or *copayment amounts* to services when a *covered person* chooses not to use a high value service that is otherwise exempt from *deductibles*, *coinsurance* provisions, and *copayment amounts*, when received from a *network provider*.

As new recommendations and guidelines are issued, those services will be considered *covered service expenses* when required by the United States Secretary of Health and Human Services, but not earlier than one year after the recommendation or guideline is issued.

**Child Health Supervision Services**
The following *covered service* is provided for an *eligible child* in accordance with the Florida Child Health Assurance Act which includes *covered services* from the moment of birth to age 16 years. A waiver of the *deductible amount* applies to all *eligible service expenses* for Child Health Supervision Services.

Child Health Supervision Services means *physician*-delivered or *physician*-supervised services that include the services described in the *Schedule of Benefits*. These services do not include *hospital* charges.

Child Health Supervision Services include periodic visits, which shall include:

- History
- Physical Examination
- Developmental Assessment
- Anticipatory Guidance
- Appropriate Immunizations
- Laboratory Testing

These services and periodic visits will be provided in accordance with prevailing medical standards consistent with the Recommendations for Preventive Pediatric Health Care of the American Academy of Pediatrics.

*Eligible service expenses* for child health supervision services are limited to one visit payable to one provider for all the services provided at each visit.

**Newborns’ and Mothers’ Health Protection Act Statement of Rights**
If services provided or expenses incurred for *hospital* confinement in connection with childbirth are otherwise included as *covered Service expenses*, we will not limit the number of days for these expenses to less than that stated in the Maternity Care provision.

**Maternity care**
Coverage for outpatient and *inpatient* pre- and post-partum care including exams, prenatal diagnosis of genetic disorder, laboratory and radiology diagnostic testing, health education, nutritional counseling, risk assessment, childbirth classes, services of nurse-midwives and midwives licensed according to Florida law, and the services of birth centers licensed according to Florida law, if such services are available within the *service area*, and hospital stays for delivery or other *medically necessary* reasons (less any applicable *copayments*, *deductible amounts*, or *cost sharing percentage*). Other maternity benefits include *complications of pregnancy*, parent education, assistance, and training in breast or bottle feeding and the performance of any necessary and appropriate clinical tests. Coverage will only be provided for maternity services and/or care of the newborn child when such services have been *authorized* by your participating health care provider.
Under federal law, health insurance issuers generally may not restrict benefits otherwise provided for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery or less than 96 hours following a delivery by cesarean section. However, we may provide benefits for covered service expenses incurred for a shorter stay if the attending provider (e.g., your physician, nurse midwife or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

The level of benefits and out-of-pocket costs for any later part of the 48-hour (or 96-hour) stay will not be less favorable to the mother or newborn than any earlier part of the stay. We do not require that a physician or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours).

Note: This provision does not amend the contract to restrict any terms, limits, or conditions that may otherwise apply to covered service expenses for childbirth.

Clinical Trial Coverage
Clinical Trial Coverage includes routine patient care costs incurred as the result of an approved phase I, II, III or phase IV clinical trial and the clinical trial is undertaken for the purposes of prevention, early detection, or treatment of cancer or other life-threatening disease or condition. Coverage will include routine patient care costs incurred for (1) drugs and devices that have been approved for sale by the Food and Drug Administration (FDA), regardless of whether approved by the FDA for use in treating the patient's particular condition, (2) reasonable and medically necessary services needed to administer the drug or use the device under evaluation in the clinical trial and (3) all items and services that are otherwise generally available to a qualified individual that are provided in the clinical trial except:

- The investigational item or service itself;
- Items and services provided solely to satisfy data collection and analysis needs and that are not used in the direct clinical management of the patient; and
- Items and services customarily provided by the research sponsors free of charge for any enrollee in the trial.

Phase I and II clinical trials must meet the following requirements:

- Phase I and II of a clinical trial is sanctioned by the National Institutes of Health (NIH) or National Cancer Institute (NCI) and conducted at academic or National Cancer Institute Center; and
- The insured is enrolled in the clinical trial. This section shall not apply to insureds who are only following the protocol of phase I or II of a clinical trial, but not actually enrolled.

Phase III and IV clinical trials must be approved or funded by one of the following entities:

- One of the National Institutes of Health (NIH);
- The Centers for Disease Control and Prevention;
- The Agency for Health Care Research and Quality;
- The Centers for Medicare & Medicaid Services;
- An NIH Cooperative Group or Center;
- The FDA in the form of an investigational new drug application;
- The federal Departments of Veterans’ Affairs, Defense, or Energy;
- An institutional review board in this state that has an appropriate assurance approved by the Department of Health and Human Services assuring compliance with and implementation of regulations for the protection of human subjects; or
- A qualified non-governmental research entity that meets the criteria for NIH Center support grant eligibility.
In a clinical trial, the treating facility and personnel must have the expertise and training to provide the treatment and treat a sufficient volume of patients. There must be equal to or superior, noninvestigational treatment alternatives and the available clinical or preclinical data must provide a reasonable expectation that the treatment will be superior to the noninvestigational alternatives. Providers participating in clinical trials shall obtain a patient’s informed consent for participation in the clinical trial in a manner that is consistent with current legal and ethical standards.

Wellness and Other Program Benefits
Benefits may be available from time to time to members for participating in certain programs that we may make available in connection with this contract. Such programs may include wellness programs, disease or case management programs, and other programs. The benefits available to members for participating in such programs are described on the Schedule of Benefits. You may obtain information regarding the particular programs available at any given time by visiting our website at Ambetter.SunshineHealth.com or by contacting Member Services by telephone at 1-877-687-1169. The programs and benefits available at any given time are made part of this contract by this reference and are subject to change from time to time by us through an update to program information available on our website or by contacting us.
PRIOR AUTHORIZATION

Prior Authorization Required
Some covered service expenses require prior authorization. Network providers must obtain authorization from us prior to providing a service or supply to a member. However, there are some network eligible service expenses for which you must obtain the prior authorization.

For services or supplies that require prior authorization, as shown on the Schedule of Benefits, you must obtain authorization from us before you or your dependent member:
1. Receives a service or supply from a non-network provider;
2. Are admitted into a network facility by a non-network provider; or
3. Receive a service or supply from a network provider to which you or your dependent member were referred by a non-network provider.

Prior Authorization requests must be received by telephone, eFax or provider portal as follows:
1. At least 5 days prior to an elective admission as an inpatient in a Hospital, extended care or rehabilitation facility, or hospice facility.
2. At least 30 days prior to the initial evaluation for organ transplant services.
3. At least 30 days prior to receiving clinical trial services.
4. At least 5 days prior to a scheduled inpatient behavioral health or substance abuse treatment admission.
5. At least 5 days prior to the start of home health care.

After prior authorization has been requested and all required or applicable documentation has been submitted, we will notify you and your provider if the request has been approved as follows:
1. For immediate request situations, within 1 business day, when the lack of treatment may result in an emergency room visit or emergency admission.
2. For urgent concurrent review within 24 hours of receipt of the request.
3. For urgent pre-service, within 72 hours from date of receipt of request.
4. For non-urgent pre-service requests within 5 days but no longer than 15 days of receipt of the request.
5. For post-service requests, within 30 calendar days of receipt of the request.

How to Obtain Prior Authorization
To obtain prior authorization or to confirm that a network provider has obtained prior authorization, contact us by telephone at the telephone number listed on your health insurance identification card before the service or supply is provided to the member.

Failure to Obtain Prior Authorization
Failure to comply with the prior authorization requirements will result in benefits being reduced.

Network providers cannot bill you for services for which they fail to obtain prior authorization as required.

Benefits will not be reduced for failure to comply with prior authorization requirements prior to an emergency. However, you must contact us as soon as reasonably possible after the emergency occurs.

Prior Authorization Does Not Guarantee Benefits
Our authorization does not guarantee either payment of benefits or the amount of benefits. Eligibility for, and payment of, benefits are subject to all terms and conditions of the contract.
Requests for Predeterminations

You may request a predetermination of coverage. We will provide one if circumstances allow us to do so. However, we are not required to make a predetermination of either coverage or benefits for any particular treatment or medical expense. Any predetermination we may make will be reviewed after the medical expense is incurred and a claim is filed. A review that shows one or more of the following may cause us to reverse the predetermination:

1. The predetermination was based on incomplete or inaccurate information initially received by us.
2. Another party has already paid or is responsible for payment of the medical expense.

We will make all benefit determinations after a loss in good faith. All benefit determinations are subject to our receipt of proper proof of loss.

Services from Non-Network Providers

Except for emergency medical services and nonparticipating facility-based physician and provider, unless covered services are not available from network providers within a reasonable proximity such services will not be covered. If required medically necessary services are not available from network providers you or the network provider must request prior authorization from us before you may receive services from non-network providers. Otherwise you will be responsible for all charges incurred.

Florida law requires that we provide you with the following disclosure about your health benefit plan coverage. "WARNING: LIMITED BENEFITS WILL BE PAID WHEN NONPARTICIPATING PROVIDERS ARE USED. You should be aware that when you elect to utilize the services of a nonparticipating provider for a covered nonemergency service, benefit payments to the provider are not based upon the amount the provider charges. The basis of the payment will be determined according to your policy's out-of-network reimbursement benefit. Nonparticipating providers may bill insureds for any difference in the amount. YOU MAY BE REQUIRED TO PAY MORE THAN THE COINSURANCE OR COPayment AMOUNT. Participating providers have agreed to accept discounted payments for services with no additional billing to you other than coinsurance, copayment, and deductible amounts. You may obtain further information about the providers who have contracted with your insurance plan by consulting your insurer's website or contacting your insurer or agent directly."

Hospital Based Providers

When receiving care at an Ambetter participating hospital it is possible that some hospital-based providers (for example, anesthesiologists, radiologists, pathologists) may not be under contract with Ambetter as participating providers. These providers may not bill you for the difference between Ambetter’s allowed amount and the providers billed charge – this is known as "balance billing". However, we encourage you to inquire about the providers who will be treating you before you begin your treatment, so you can understand their participation status with Ambetter.
GENERAL NON-COVERED SERVICES AND EXCLUSIONS

No benefits will be provided or paid for:

1. Any service or supply that would be provided without cost to the member in the absence of insurance covering the charge.
2. Expenses, fees, taxes or surcharges imposed on the member by a provider (including a hospital) but that are actually the responsibility of the provider to pay.
3. Any services performed for a member by a member’s immediate family.
4. Any services not identified and included as covered service expenses under the contract. You will be fully responsible for payment for any services that are not covered service expenses.
5. Court ordered care- unless medically necessary and a covered service expense.

Even if not specifically excluded by this contract, no benefit will be paid for a service or supply unless it is:

1. Administered or ordered by a physician; and
2. Medically necessary to the diagnosis or treatment of an injury or illness, or covered under the Preventive Care Expense Benefits provision.

Covered service expenses will not include, and no benefits will be provided or paid for any charges that are incurred:

1. For services or supplies that are provided prior to the effective date or after the termination date of this contract, except as expressly provided for under the Benefits after Coverage Terminates clause in this contract’s Termination section.
2. For any portion of the charges that are in excess of the eligible service expense.
3. For weight modification, or for surgical treatment of obesity, including wiring of the teeth and all forms of intestinal bypass surgery.
4. For breast reduction or augmentation except post-mastectomy for breast cancer.

9. For telephone consultations or for failure to keep a scheduled appointment.

14. For charges related to, or in preparation for, tissue or organ transplants, except as expressly provided for under the Transplant Service Expense Benefits.

20. For eyeglasses, contact lenses, hearing aids, eye refraction, visual therapy, or for any examination or fitting related to these devices, except as expressly provided in this contract.

21. For experimental or investigational treatment(s) or unproven services. The fact that an experimental or investigational treatment or unproven service is the only available treatment for a particular condition will not result in benefits if the procedure is considered to be an experimental or investigational treatment or unproven service for the treatment of that particular condition.

22. For treatment received outside the United States, except for a medical emergency while traveling for up to a maximum of 90 consecutive days. If travel extends beyond 90 consecutive days, no coverage is provided for medical emergencies for the entire period of travel including the first 90 days.

23. As a result of an injury or illness arising out of, or in the course of, employment for wage or profit, if the member is insured, or is required to be insured, by workers' compensation insurance pursuant to applicable state or federal law. If you enter into a settlement that waives a member's right to recover future medical benefits under a workers' compensation law or insurance plan, this exclusion will still apply. In the event that the workers' compensation insurance carrier denies coverage for a member's workers' compensation claim, this exclusion will still apply unless that denial is appealed to the proper governmental agency and the denial is upheld by that agency.

24. As a result of:
   a. Intentionally self-inflicted bodily harm.
   b. The member taking part in a riot.
   c. The member's commission of, or participation in, a felony, whether or not charged.

**Limitations on Benefits for Services Provided By Medicare Opt-Out Practitioners**

Benefits for covered service expenses incurred by a Medicare-eligible individual for services and supplies provided by a Medicare opt-out practitioner will be determined as if the services and supplies had been provided by a Medicare participating practitioner. (Benefits will be determined as if Medicare had, in fact, paid the benefits it would have paid if the services and supplies had been provided by a Medicare participating practitioner.)
PLAN ADMINISTRATION

In consideration of the payment of premiums, we will provide coverage for the member and any eligible dependents. In doing so, we may enter into agreements with providers of health care and such other individuals and entities as may be necessary to enable us to fulfill our obligations under this contract.

We agree to provide coverage without discrimination because of race, color, national origin, disability, sex, gender identity, sexual orientation, religion, or any other basis prohibited by law.

Commencement of Coverage
Commencing on the contract effective date we agree to provide the coverage stipulated in this contract to the member and his/her dependents, if any. Such coverage begins on the member’s effective date, which will be the first of the month after the receipt and approval of the application by us, unless this contract specifies a date other than the first of the month. We accept no liability for benefits related to expenses incurred prior to your effective date or after your termination date, which will be on the last day of the coverage month, except as specified in the Terms of Renewal provision.

Plan Renewal
This contract is guaranteed renewable. Guaranteed renewable means that this contract will renew each year on the anniversary date unless terminated earlier in accordance with contract terms. You may keep this contract in force by timely payment of the required premiums. We may decide not to renew as of the renewal date if: (1) we decide not to renew all contracts issued on this form, with the same type and level of benefits, to residents of the state where you then live; or (2) there is fraud or an intentional material misrepresentation made by or with the knowledge of a member in filing a claim for contract benefits. Rate changes are effective on a member’s annual renewal date and will be based on each member’s attained age, family structure, geographic region, tobacco usage and benefit plan at the time of renewal. We will notify the member in writing at least thirty (30) days prior to the renewal date of any change in premium rates.

For members who have elected the electronic funds transfer option of payment, should premiums change at renewal, we will continue to draft the new monthly premium.

Term of Renewal
We guarantee the member the right to renew the contract each year, at the member’s option. However, we may refuse to renew this contract, and all coverage provided under this contract, if one of the following circumstances has occurred:
1. Failure to timely pay premium in accordance with the terms of the contract;
2. We cease offering this contract to all members;
3. The member has performed an act or practice that constitutes fraud or made an intentional misrepresentation of material fact under the terms of this contract;
4. The member no longer lives in our geographic service area;
5. We elect to discontinue all individual health coverage in the State of Florida; and
6. We elect to discontinue offering individual health coverage through the Health Insurance Marketplace.

With the exception of non-payment of premium or loss of eligibility, if we decide to terminate or non-renew this contract for any of the reasons set forth in this contract, we will give the member at least forty-five (45) days advance written notice prior to renewal. If we discontinue offering all individual coverage in Florida, we will give all members and the Office of Insurance Regulation 180 days’ written notice prior to the contract non-renewal date.
Termination of This Contract by the Member
The member may terminate this contract at any time with appropriate notice of at least fourteen (14) days to either us or the Health Insurance Marketplace. Coverage will terminate on the date specified by the member, or fourteen (14) days after termination is requested, whichever is later. If the member requests termination in fewer than fourteen (14) days, and we can effectuate this request in a shorter period of time, then coverage will terminate on the date determined by us. No benefits will be provided as of the effective date of termination of this contract for whatever reason.

Should the member or any covered dependents terminate coverage because of eligibility for Medicaid, Children’s Health Insurance Program (CHIP) or a Basic Health Plan or termination is due to the member moving from one qualified health plan to another during an Annual or Special Enrollment Period, the termination effective date will be the day before the effective date of the new coverage.

Discontinuance of a Benefit Plan
We may discontinue offering a particular benefit plan to all members if:
1. We provide at least ninety (90) day notice to each member prior to the contract renewal date;
2. We offer each member the option to purchase any other coverage offered in the individual Health Maintenance Organization (HMO) market; and
3. We act uniformly without regard to any health status-related factor of each member.

Discontinuance of All Coverage in the Individual Market
We may discontinue offering all coverage in Florida if:
1. We provide notice to the Office of Insurance Regulation and each member and enrollee 180 days prior to renewal; and
2. All health coverage issued or delivered for issuance in Florida is discontinued and coverage under such health coverage is not renewed.

Termination of this Plan by Us
Except for nonpayment of premium or termination of eligibility, we may not cancel or terminate or non-renew this contract without giving the member at least forty-five (45) days written notice. The written notice will state the reason or reasons for the cancellation, termination or non-renewal.

We may terminate this contract as of any premium due date if the member has not paid the required premium by the end of the Grace Period, as defined in the Grace Period provision. The member is liable to us for any unpaid premium for the time the Plan was in force.

Upon termination of coverage, we will have no further liability for the payment of any covered services provided after the date of the member’s termination.

Plan Termination Due to Non-Payment of Premium
If the member is receiving premium subsidies, the following provision applies:

• If the required monthly premium is not received by the end of the ninety (90) day Grace Period, we will terminate coverage effective at midnight on the last day of the first month of the three (3) month grace period.

If the member is not receiving premium subsidies, the following provision applies:
• If the required monthly premium is not received by the end of the thirty (30) day grace period, we will terminate this contract, without prior notification, retroactive to the last date for which premium was received, subject to the Grace Period provision. Termination will be effective as of midnight of the date that the premium was due provided we mail written notice of termination to the member prior to forty-five (45) days after the date the premium was due.

Termination of Coverage by the Health Insurance Marketplace or Us
The Health Insurance Marketplace may terminate coverage in a qualified health plan and will also permit us to terminate coverage for any of the following reasons.

1. Loss of eligibility to purchase a qualified health plan through the Health Insurance Marketplace.
2. Nonpayment of premiums provided that the grace period has elapsed.
3. Coverage is rescinded.
4. We terminate or are decertified by the Health Insurance Marketplace.
5. An enrollee switches to another qualified health plan during an Annual Open Enrollment Period or a Special Enrollment Period.

Terms of Renewal
We guarantee the member the right to renew the contract each year, at the member's option. However, we may refuse to renew this contract, and all coverage provided under this contract, if one of the following circumstances has occurred:

1. The member fails to timely pay premium in accordance with the terms of the contract;
2. We cease offering this contract to all members;
3. The member has performed an act or practice that constitutes fraud or made an intentional misrepresentation of material fact under the terms of this contract;
4. The member no longer lives or works in our geographic service area; and
5. We elect to discontinue all individual health coverage in the State of Florida.

With the exception of non-payment of premium or loss of eligibility, if we decide to terminate or non-renew this contract for any of the reasons set forth in this contract, we will give the member at least forty-five (45) days advance written notice.

Discontinuance
90-Day Notice: If we discontinue offering and refuse to renew all contracts issued on this form, with the same type and level of benefits, for all residents of the state where you reside, we will provide a written notice to you and all enrollees at least 90 days prior to the date that we discontinue coverage. You will be offered an option to purchase any other coverage in the individual market we offer in your state at the time of discontinuance of this contract. This option to purchase other coverage will be on a guaranteed issue basis without regard to health status.

180-Day Notice: If we discontinue offering and refuse to renew all individual contracts in the individual market in the state where you reside, we will provide a written notice to you, all enrollees, and the Commissioner of Insurance at least 180 days prior to the date that we stop offering and terminate all existing individual contracts in the individual market in the state where you reside.

Notification Requirements
It is the responsibility of you or your former dependent member to notify us within 31 days of your legal divorce or your dependent member's marriage.

Benefits After Coverage Terminates
If a network provider terminates his or her contract with Ambetter from Sunshine Health or is terminated by
us for any reason other than for cause, a member receiving active treatment may continue coverage and care with that network provider when medically necessary and through completion of treatment of a condition for which the member was receiving care at the time of the termination until:

1. The member selects another treating provider or during the next open enrollment period, whichever is longer, but not longer than ninety (90) days (or additional if approved by Ambetter from Sunshine Health) after termination of the provider’s contracts.
2. The member who is pregnant and who has initiated a course of prenatal care regardless of the trimester in which care was initiated, completes postpartum care.

A network provider may refuse to continue to provide care to a member who is abusive, non-compliant, or in arrears in payment for services provided.

Benefits for covered service expenses incurred after a member ceases to be covered are provided for certain illnesses and injuries. However, no benefits are provided if this contract is terminated because of:

1. A request by you;
2. Fraud or material misrepresentation on your part; or
3. Your failure to pay premiums.

The illness or injury must cause a period of extended loss, as defined below. The period of extended loss must begin before coverage of the member ceases under this contract. No benefits are provided for covered service expenses incurred after the period of extended loss ends.

In addition to the above, if this contract is terminated because we refuse to renew all contracts issued on this form, with the same type and level of benefits, to residents of the state where you live, termination of this contract will not prejudice a claim for a continuous loss that begins before coverage of the member ceases under this contract. In this event, benefits will be extended for that illness or injury causing the continuous loss, but not beyond the earlier of:

1. The date the continuous loss ends; or
2. 12 months after the date renewal is declined.
SUBROGATION AND RIGHT OF REIMBURSEMENT

As used herein, the term “third party” means any party that is, or may be, or is claimed to be responsible for injuries or illness to a member. Such injuries or illness are referred to as “third party injuries.” “Responsible party” includes any parties actually, possibly or potentially responsible for payment of expenses associated with the care or treatment of third party injuries.

Celtic retains the right to repayment of the full cost of all benefits provided by this plan on behalf of the member that are associated with the third party injuries. Celtic’s rights of recovery apply to any recoveries made by or on behalf of the member from any sources, including but not limited to:

- Payments made by a third party or any insurance company on behalf of the third party;
- Any payments or awards under an uninsured or underinsured motorist coverage policy;
- Any Workers’ Compensation or disability award or settlement;
- Medical payments coverage under any automobile policy, premises or homeowners medical payments coverage or premises or homeowners insurance coverage; and
- Any other payments from a source intended to compensate a member for third party injuries.

By accepting benefits under this plan, the member specifically acknowledges Celtic’s right of subrogation. When this plan provides health care benefits for expenses incurred due to third party injuries, Celtic shall be subrogated to the member’s rights of recovery against any party to the extent of the full cost of all benefits provided by this plan. Celtic may proceed against any party with or without the member’s consent.

By accepting benefits under this plan, the member also specifically acknowledges Celtic’s right of reimbursement. This right of reimbursement attaches when this plan has provided health care benefits for expenses incurred due to third party injuries and the member or the member’s representative has recovered any amounts from any source. Celtic’s right of reimbursement is cumulative with and not exclusive of Celtic’s subrogation right and Celtic may choose to exercise either or both rights of recovery.

As a condition for our payment, the member or anyone acting on his or her behalf (including, but not limited to, the guardian, legal representatives, estate, or heirs) agrees:

1. To fully cooperate with us in order to obtain information about the loss and its cause;
2. To immediately inform us in writing of any claim made or lawsuit filed on behalf of a member in connection with the loss;
3. To include the amount of benefits paid by us on behalf of a member in any claim made against any third party;
4. To give Celtic a first-priority lien on any recovery, settlement or judgment or other sources of compensation which may be had from any party to the extent of the full cost of all benefits associated with third party injuries provided by this Plan (regardless of whether specifically set forth in the recovery, settlement, judgment or compensation agreement);
5. To pay, as the first priority, from any recovery, settlement, judgment, or other source of compensation, any and all amounts due Celtic as reimbursement for the full cost of all benefits associated with third party injuries provided by this plan (regardless of whether specifically set forth in the recovery, settlement, judgment, or compensation agreement, and regardless of whether such payment will result in a recovery to the member which is insufficient to make the member whole or to compensate the member in part or in whole for the damages sustained);
6. That we:
   a. Will have a lien on all money received by a member in connection with the loss equal to the benefit amount we have provided or paid;
   b. May give notice of that lien to any third party or third party’s agent or representative.
   c. Will have the right to intervene in any suit or legal action to protect our rights;
   d. Are subrogated to all of the rights of the member against any third party to the extent of the benefits paid on the member’s behalf; and
   e. May assert that subrogation right independently of the member.
7. To take no action that prejudices our reimbursement and subrogation rights. This includes, but is not limited to, refraining from making any settlement or recovery which specifically attempts to reduce or exclude the full cost of all benefits provided by this plan;
8. To sign, date, and deliver to us any documents we request that protect our reimbursement and subrogation rights;
9. To not settle any claim or lawsuit against a third party without providing us with written notice of the intent to do so;
10. To reimburse us from any money received from any third party, to the extent of benefits we paid for the illness or injury, whether obtained by settlement, judgment, or otherwise, and whether or not the third party’s payment is expressly designated as a payment for medical expenses;
11. That we may reduce other benefits under the contract by the amounts a member has agreed to reimburse us.

We have a right to be reimbursed in full regardless of whether or not the member is fully compensated by any recovery received from any third party by settlement, judgment, or otherwise.

We will not pay attorney fees or costs associated with the member’s claim or lawsuit. In the event you or your representative fail to cooperate with Celtic, you shall be responsible for all benefits paid by this plan in addition to costs and attorney’s fees incurred by Celtic in obtaining repayment.

If a dispute arises as to the amount a member must reimburse us, the member (or the guardian, legal representatives, estate, or heirs of the member) agrees to place sufficient funds in an escrow or trust account to satisfy the maximum lien amount asserted by us until the dispute is resolved.
COORDINATION OF BENEFITS

Ambetter from Sunshine Health coordinates benefits with other payers when a member is covered by two or more group health benefit plans. Coordination of Benefits (COB) is the industry standard practice used to share the cost of care between two or more carriers when a member is covered by more than one health benefit plan.

It is a contractual provision of a majority of health benefit contracts. Ambetter from Sunshine Health complies with Federal and state regulations for COB and follows COB guidelines published by National Association of Insurance Commissioners (NAIC).

Under COB, the benefits of one plan are determined to be primary and are first applied to the cost of care. After considering what has been covered by the primary plan, the secondary plan may cover the cost of care up to the fully allowed expense according to the plan's payment guidelines. Ambetter Claims COB and Recovery Unit procedures are designed to avoid payment in excess of allowable expense while also making sure claims are processed both accurately and timely.

“Allowable expense” is the necessary, reasonable, and customary item of expense for health care, when the item is covered at least in part under any of the plans involved, except where a statute requires a different definition. When a Plan provides benefits in the form of services, the reasonable cash value of each service will be considered as both an allowable expense and a benefit paid.

“Plan” is a form of coverage written on an expense-incurred basis with which coordination is allowed.

The term “Plan” includes:

1. Group health insurance benefits and group blanket or group remittance health benefits coverage, whether uninsured arrangements of group coverage, insured, self-insured, or self-funded. This includes group HMO insurance and other prepayment, group practice and individual practice plans, and blanket contracts, except as excluded below.
2. Plan includes medical benefits coverage, in group and individual automobile “no-fault” and traditional liability “fault” type contracts.
3. Plan includes hospital, medical, and surgical benefits coverage of Medicare or a governmental plan offered, required, or provided by law, except Medicaid.
4. Plan does not include blanket school accident coverage or coverages issued to a substantially similar group (e.g., Girl Scouts, Boy Scouts) where the school or organization pays the premiums.
5. Plan does not include Individual or Family:
   Insurance contracts, direct payment subscriber contracts, coverage through health maintenance organizations (HMO’s) or coverage under other prepayment, group practice and individual practice plans.
6. Plan whose benefits are by law excess to any private benefits coverage.

“Primary plan” is one whose benefits must be determined without taking the existence of any other plan into consideration. A plan is primary if either:

(1) The Plan has no order of benefits rules or its rules differ from those required by regulation; or (2) all plans which cover the person use the order of benefits rules required by regulation and under those rules the plan determines its benefits first. More than one plan may be a primary plan (for example, two plans which have no order of benefit determination rules).

“Secondary plan” is one which is not a primary plan. If a person is covered by more than one secondary

plan, the order of benefit determination rules decide the order in which their benefits are determined in relation to each other.

**Order of Benefit Determination Rules**
The first of the rules listed below in paragraphs 1-6 that applies will determine which plan will be primary:

1. The primary plan pays or provides its benefits as if the Secondary plan or plans did not exist. A Plan may consider benefits paid or provided by another Plan in determining its benefits only when it is secondary to that other Plan.

2. If the other plan does not contain a coordination of benefits provision that is consistent with this provision is always primary. There are two exceptions:
   a. Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits may provide that the supplementary coverage shall be excess to any other parts of the Plan provided by the contract holder; and
   b. Any noncontributory group or blanket insurance coverage which is in force on January 1, 1987 which provides excess major medical benefits intended to supplement any basic benefits on a covered person may continue to be excess to such basic benefits.

The first of the following rules that describes which Plan pays its benefits before another Plan is the rule to use.

3. If the person receiving benefits is the member and is only covered as an eligible dependent under the other plan, this contract will be primary.

4. Subject to State Statues: Social Security Act of 1965, as amended makes Medicare secondary to the plan covering the person as a dependent of an active employee, the order of benefit determination is:
   a. If a child is covered under the plans of both parents and the parents are not separated or divorced, the plan of the parent whose birthday falls earlier in the year (excluding year of birth) shall be primary.
   b. If both parents have the same birthday, the plan which covered the parent longer will be primary. To determine whose birthday falls earlier in the year, only the month and day are considered. However, if the other plan does not have this birthday rule, but instead has a rule based on the sex of the parent and as a result the plans do not agree on which is primary, then the rule in the other plan will determine which plan is primary.

5. If a child is covered by both parents’ plans, the parents are separated or divorced, and there is no court decree between the parents that establishes financial responsibility for the child’s health care expenses:
   a. The plan of the parent who has custody will be primary;
   b. If the parent with custody has remarried, and the child is also covered as a child under the step-parent’s plan, the plan of the parent with custody will pay first, the step-parent’s plan will pay second, and the plan of the parent without custody will pay third.
   c. If a court decree between the parents says which parent is responsible for the child’s health care expenses, then that parent’s plan will be primary if that plan has actual knowledge of the decree.

6. If the person receiving services is covered under one plan as an active employee or member (i.e., not laid-off or retired), or as the spouse or child of such an active employee, and is also covered under another plan as a laid-off or retired employee or as the spouse or child of such a laid-off or retired employee, the plan that covers such person as an active employee or spouse or child of an active employee will be primary. If the other plan does not have this rule, and as a result the plans do not agree on which will be primary, this rule will be ignored.

7. If none of the above rules determine which plan is primary, the plan that covered the person receiving services longer will be primary.
**Effects of Coordination**
When this plan is secondary, its benefits will be reduced so that the total benefits paid by the primary plan and this plan during a claim determination period will not exceed Ambetter’s maximum available benefit for each covered service. Also, the amount Ambetter pays will not be more than the amount Ambetter would pay if Ambetter were primary. As each claim is submitted, Ambetter will determine its obligation to pay for allowable expenses based upon all claims that have been submitted up to that point in time during the claim determination period.

**Right to Receive and Release Needed Information**
Certain fact about heath care coverage and services are needed to apply these COB rules and to determine benefits payable under this Plan and other plans. We may get the facts we need from, or give them to, other organizations or persons for the purpose of applying these rules and determining benefits payable under this Plan and other plans covering the person claiming benefits. We need not tell or get the consent of, any person to do this.
CLAIMS

Notice of Claim
When a non-participating provider renders services, notice of a claim for benefits must be given to us. The notice must be in writing, should include the name of the insured and member identification number, and any claim will be based on that written notice. The notice must be received by us within 20 days after the date of the injury or the first treatment date for the sickness on which the claim is based and may be given to us or your agent. If this required notice is not given in time, the claim may be reduced or invalidated. If it can be shown that it was not reasonably possible to submit the notice within the 20 day period and that notice was given as soon as possible, the claim will not be reduced or invalidated.

Proof of Loss
We must receive written proof of loss within 90 days of the loss or as soon as is reasonably possible. Proof of loss furnished more than one year late will not be accepted, unless you had no legal capacity to submit such proof during that year.

Cooperation Provision
Each member, or other person acting on his or her behalf, must cooperate fully to assist us in determining our rights and obligations under the contract and, as often as may be reasonably necessary:

1. Sign, date and deliver to us authorizations to obtain any medical or other information, records or documents we deem relevant from any person or entity.
2. Obtain and furnish to us, or our representatives, any medical or other information, records or documents we deem relevant.
3. Answer, under oath or otherwise, any questions we deem relevant, which we or our representatives may ask.
4. Furnish any other information, aid or assistance that we may require, including without limitation, assistance in communicating with any person or entity (including requesting any person or entity to promptly provide to us, or our representative, any information, records or documents requested by us).

If any member, or other person acting on his or her behalf, fails to provide any of the items or information requested or to take any action requested, the claim(s) will be closed and no further action will be taken by us unless and until the item or information requested is received or the requested action is taken, subject to the terms and conditions of the contract.

In addition, failure on the part of any member, or other person acting on his or her behalf, to provide any of the items or information requested or to take any action requested may result in the denial of the claim at issue to the covered person.

Time for Payment of Claims
Benefits will be paid as soon as we receive proper proof of loss. We will reimburse all claims or any portion of any claim within 45 days after receipt of the claim. If a claim or a portion of a claim is contested, you or your assignees shall be notified, in writing, that the claim is contested or denied, within 45 days after we receive the claim from you. The notice that a claim is contested shall identify the contested portion of the claim and the reasons for contesting the claim. Upon receipt of the additional information requested you or your assignees, we shall pay or deny the contested claim or portion of the contested claim, within 60 days.
“Clean claims” means a claim submitted by you or a provider that has no defect, impropriety, or particular circumstance requiring special treatment preventing payment. If we have not received the information we need to process a claim, we will ask for the additional information necessary to complete the claim. You will receive a copy of that request for additional information. In those cases, we cannot complete the processing of the claim until the additional information requested has been received. We will make our request for additional information within 30 days of our initial receipt of the claim and will complete our processing of the claim within 15 days after our receipt of all requested information.

We shall pay or deny any claim no later than 120 days after receiving the claim. Payment shall be treated as being made on the date a draft or other valid instrument which is equivalent to payment was placed in the United States mail in a properly addressed, postpaid envelope or, if not so posted, on the date of delivery. All overdue payments shall bear simple interest at the rate of 10 percent per year. Upon your written notification, we will investigate any claim of improper billing by a physician, hospital, or other health care provider. We will determine if you were properly billed for only those procedures and services that the covered person actually received. If we determine that you have been improperly billed, we shall notify you and the provider of our findings and shall reduce the amount of payment to the provider by the amount determined to be improperly billed. If a reduction is made due to such notification by us, we shall pay to you 20 percent of the amount of the reduction up to $500.

Payment of Claims
We may elect to pay, in our discretion, all or any part of the benefits provided by this contract for hospital, surgical, nursing, or medical services, directly to the hospital or other party providing such services to you. By reserving the right to pay, in our discretion, all or any part of the benefits provided for in this contract directly to a hospital or other person providing surgical, nursing, or medical services to you, we are not granting any hospital or other person rendering surgical, nursing or medical services any right to demand direct payment or any right to enforce any provision of this contract; nor are we waiving the Non-Assignment provision of this contract set forth below.

Foreign Claims Incurred for Emergency Care
Claims incurred outside of the United States for emergency care and treatment of a member must be submitted in English or with an English translation. Foreign claims must also include the applicable medical records in English to show proper proof of loss and evidence of payment to the provider.

Non-Assignment
The coverage, rights, privileges and benefits provided for under this contract are not assignable by you or anyone acting on your behalf. Any assignment or purported assignment of coverage, rights, privileges and benefits provided for under this contract that you may provide or execute in favor of any hospital, physician, or any other person or entity shall be null and void and shall not impose any obligation on us.

Notwithstanding the foregoing, you may specifically authorize, in writing, the payment of benefits that we have determined to be due and payable directly to any hospital, physician, or other person who provided you with any covered service and we will honor this specific direction and make such payment directly to the designated provider of the covered service.

No Third Party Beneficiaries
This contract is not intended to, nor does it, create or grant any rights in favor of any third party, including but not limited to any hospital, physician or medical practitioner providing services to you, and this contract shall not be construed to create any third party beneficiary rights.
**Medicaid Reimbursement**

The amount provided or payable under this *contract* will not be changed or limited for reason of a *member* being eligible for coverage under the Medicaid program of the state in which he or she lives.

*We* will pay the benefits of this *contract* to the State if:

1. A *member* has coverage under his or her state's Medicaid program; and
2. *We* receive proper *proof of loss* and notice that payment has been made for *covered service expenses* under that program.

*Our* payment to the State will be limited to the amount payable under this *contract* for the *covered service expenses* for which reimbursement is due. Payment under this provision will be made in good faith. It will satisfy *our* responsibility to the extent of that payment.

**Custodial Parent**

This provision applies if the parents of a covered *eligible child* are divorced or legally separated and both the custodial parent and the non-custodial parent are subject to the same court or administrative order establishing custody. The custodial parent, who is not a *member*, will have the rights stated below if *we* receive a copy of the order establishing custody.

Upon request by the custodial parent, *we* will:

1. Provide the custodial parent with information regarding the terms, conditions, benefits, exclusions and limitations of the *contract*;
2. Accept claim forms and requests for claim payment from the custodial parent; and
3. Make claim payments directly to the custodial parent for claims submitted by the custodial parent. Payment of claims to the custodial parent, which are made under this provision, will fully discharge *our* obligations.

A custodial parent may, with *our* approval, assign claim payments to the *hospital or medical practitioner* providing treatment to an *eligible child*.

**Physical Examination**

*We* shall have the right and opportunity to examine a *member* while a claim is pending or while a dispute over the claim is pending. These examinations are made at *our* expense and as often as *we* may reasonably require.

**Legal Actions**

No suit may be brought by *you* on a claim sooner than 60 days after the required *proof of loss* is given. No suit may be brought more than five years after the date *proof of loss* is required.

Prior to initiating any action at law, *you* are encouraged to first complete all the steps in the complaint/grievance procedures made available to resolve disputes in Florida under the *contract*. After completing that complaint/grievance procedures process, if *you* want to bring legal action against *us* on that dispute, *you* must do so within five years of the date *we* notified *you* of the final decision on your complaint/grievance.
GRIEVANCE AND COMPLAINT PROCEDURES

Applicability/Eligibility
The internal grievance procedures apply to any hospital or medical policy or certificate, but not to accident only or disability only insurance.

We hope you will always be happy with us and our providers. If you are not happy, please let us know. Ambetter from Sunshine Health has steps for handling problems you may have. Ambetter from Sunshine Health offers all of our members the following ways to get member satisfaction:

- Complaint
- Internal Grievance process
- Internal Appeal process
- External Appeal process

Complaint
A complaint is the lowest form of problem. It gives Ambetter from Sunshine Health the opportunity to resolve your problem without it becoming a formal grievance. Complaints are generally resolved within 3 business days following receipt of the issue. If you are not satisfied with the status of the complaint, you can request that your complaint be moved to the formal grievance system.

Grievance
A grievance is an expression of dissatisfaction about any matter other than an “action”. Filing a grievance will not affect your healthcare services. We will not treat you differently. We want to know your concerns so we can improve our services.

Appeal
An appeal is a request to review a Notice of Adverse Benefit Determination or a claim that has been denied in whole or part.

   a. Us (as the insurer); e.g., member service complaints - “the person to whom I spoke on the phone was rude to me”.
   b. Providers with whom we have a direct or indirect contract.
i. Lack of availability or accessibility of network providers not tied to an unresolved benefit denial.
   Note: When the dissatisfaction is related to services from or access to a network provider, notify the Network Administration Department.

ii. Quality of care/quality of service issues;

4. Written expressions of dissatisfaction regarding quality of care/quality of service are processed as grievances;

5. Oral expressions of dissatisfaction regarding quality of care/quality of service are processed as complaints as indicated in standard oral complaint instructions; and

6. Any of the issues listed as part of the definition of grievance received from the claimant or the claimant’s authorized representative where the caller has not submitted a written request but calls us to escalate their dissatisfaction and request a verbal/oral review.

Complaints received from the Florida Office of Insurance Regulation
The Commissioner may require us to treat and process any complaint received by the Florida Office of Insurance Regulation by, or on behalf of, a claimant as a grievance as appropriate. We will process the Florida Office of Insurance Regulation complaint as a grievance when the Commissioner provides us with a written description of the complaint.

We will only do this if the information we are waiting for could help with your grievance.
You may ask for copies of any information that Ambetter from Sunshine Health used to make the decision about your care.

You can expect a resolution and written answer from Ambetter from Sunshine Health within 30 days of receiving your grievance.

**Internal Appeal Process**
An appeal is a request to review a Notice of Action. You can request this review by phone or in writing. You must follow a request by phone in writing unless it is an expedited appeal.

An adverse decision can be when Ambetter from Sunshine Health:
- Denies the care requested;
- Decreases the amount of care;
- Ends care that has previously been approved;
- Denies payment for care and you may have to pay for it.

You will know that Ambetter from Sunshine Health is taking action because we will send you a letter. The letter is called a **Notice of Action**. If you do not agree with the action, you may request an **Appeal**.

**Expedited Appeals**
You or your doctor may want us to make a fast decision. You can ask for an expedited review if you or your doctor feel that your health is at risk. Your doctor must send information in writing telling us why you need a faster review. Expedited appeal reviews are available for members in situations deemed urgent. If Ambetter from Sunshine Health agrees that the request is urgent, your appeal will be resolved within 72 hours.

**Who May File an Appeal?**
- You, the member (or the guardian of a minor member).
- A person you have authorized to act for you.

You must give written permission if someone else files an appeal for you. Ambetter from Sunshine Health will include a form with the Notice of Action. Contact Member Services at 1-877-687-1169 if you need help. We can assist you with filing an appeal.

**When does an Appeal Have to be Filed?**
The Notice of Action will tell you about this process. **You may file an appeal within 180 days from the date of the Notice of Action.** If you make your request by phone, you must also send Ambetter from Sunshine Health a letter confirming your request within 10 days of making the request by phone. Ambetter from Sunshine Health will give you a written decision within **30 days (if the service has not been provided) or 60 days (if the service has already been provided)** of the date we receive your written request.

You, or someone authorized to do so, can act for you or help you with the appeal. You can tell us the name of the person authorized to help you by completing a Request for an Appeal or Grievance Form. We can help you fill out this form. You can call your doctor if you need more medical information for your appeal. In some cases, getting the health information may take extra time. The time for deciding your appeal can be extended for 14 days if you or your doctor thinks the
extra time to get the health information will benefit you. If Ambetter from Sunshine Health requests more time to gather the health information, we will send you a letter to tell you why. This extension will be for 14 days. We will only do this if the health information we are waiting for could help with your plan appeal.

If the Notice of Action that you were sent said that we were terminating, suspending, or reducing a service that you were getting as an Ambetter from Sunshine Health member, you have the right to keep getting the service. If you let us know that you want to continue the service within ten (10) days of the Notice of Action letter, we will approve you to continue this service until the plan appeal decision is made. To do this, Ambetter from Sunshine Health must have been approving you to get the service before, the services were ordered by an authorized provider, and the time of the approval for that service has not ended. If after the review of your plan appeal Ambetter from Sunshine Health decides that the decision to terminate, suspend, or reduce the service was right and you kept getting the service, you may have to pay for the service.

External Review:
If you are dissatisfied with the Ambetter from Sunshine Health appeal decision, you have the right to have an independent review of certain final decisions made by Ambetter from Sunshine Health. Ambetter from Sunshine Health must pay the cost of the IRO conducting the external review. If you request it, an appeal will be conducted by an external review organization called an IRO. An IRO is not connected in any way with Ambetter from Sunshine Health. Ambetter from Sunshine Health must abide by the IRO’s decision and carry out its instructions.

You can make a request for external review in writing to Ambetter from Sunshine Health Plan at:

Ambetter from Sunshine Health
Appeals Department
1301 International Parkway
Sunrise, FL 33323

If assistance is needed with completing the written request, you may contact Ambetter from Sunshine Health at:
We will send your request to the IRO. You must contact the IRO or us within 120 calendar days (4 months) of the date of your appeal resolution letter. If you do not file your appeal for an external independent review within 120 days, it cannot be reviewed. If you are not sure whether your appeal is eligible, or if you want more information, please contact Ambetter from Sunshine Health.

You, or someone you authorized to do so, shall be provided, upon request and free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to the claimant’s claim for benefits. All comments, documents, records and other information submitted by the claimant relating to the claim for benefits, regardless of whether such information was submitted or considered in the initial adverse benefit determination, will be considered in the internal appeal.

**Applicability/Eligibility**
The external review procedures apply to any hospital or medical policy or certificate; excluding accident only or disability income only insurance.

External review is available for grievances that involve:

1. Medical judgment, including but not limited to those based upon requirements for medical necessity, appropriateness, health care setting, level of care or effectiveness of a covered benefit; or the determination that a treatment is experimental or investigational, as determined by an external reviewer.
2. Rescissions of coverage.

After exhausting the internal review process, the claimant can make a written request to the Appeals & Grievance Department for external review after the date of receipt of our internal response. We will send your request to the IRO. You must contact the IRO or us within 120 calendar days (4 months) of the date of your appeal resolution letter. If you do not file your appeal for an external independent review within 120 days, it cannot be reviewed. If you are not sure whether your appeal is eligible, or if you want more information, please contact Ambetter from Sunshine Health.

1. The internal appeal process must be exhausted before the claimant may request an external review unless the claimant files a request for an expedited external review at the same time as an internal expedited grievance or we either provide a waiver of this requirement or fail to follow the appeal process.
2. A health plan must allow a claimant to make a request for an expedited external review with the plan at the time the claimant receives:
   a. An adverse benefit determination if the determination involves a medical condition of the claimant for which the timeframe for completion of an internal expedited grievance would seriously jeopardize the life or health of the claimant or would jeopardize the claimant's ability to regain maximum function and the claimant has filed a request for an internal expedited grievance.
   b. A final internal adverse benefit determination, if the claimant has a medical condition where the timeframe for completion of a standard external review would seriously jeopardize the life or health of the claimant or would jeopardize the claimant's ability to regain maximum function, or if the final internal adverse benefit determination concerns an admission,
availability of care, continued stay, or health care item or service for which the claimant received emergency services, but has not been discharged from a facility.

3. Claimants may request an expedited external review at the same time the internal expedited grievance is requested and an Independent Review Organization (IRO) will determine if the internal expedited grievance needs to be completed before proceeding with the expedited external review.

External Review Process

1. We have five (5) business days (immediately for expedited) following receipt of the request to conduct a preliminary review of the request to determine whether:
   a. The individual was a covered person at the time the item or service was requested;
   b. The service is a covered service under the claimant's health plan but for the plan's adverse benefit determination with regard to medical necessity experimental or investigational, medical judgment, or rescission;
   c. The claimant has exhausted the internal process; and
   d. The claimant has provided all of the information required to process an external review.

2. Within one (1) business day (immediately for expedited) after completion of the preliminary review, we will notify the claimant in writing as to whether the request is complete but not eligible for external review and the reasons for its ineligibility or, if the request is not complete, the additional information needed to make the request complete. We will include notification of the member's right to submit written testimony to be included in the materials sent to the IRO.

3. We must allow a claimant to perfect the request for external review within the four-month filing period or within the 48-hour period following the receipt of notification.

4. We will assign an IRO on a rotating basis from our list of contracted IROs.

5. Within five business days after the date of assignment of the IRO, we must provide the documents and any information considered in making the adverse benefit determination to the IRO.

Note: For expedited, after assignment of the IRO, we must provide the documents and any information considered in making the adverse benefit determination to the IRO electronically or by telephone or facsimile or any other available expeditious method.

6. If we fail to timely provide the documents and information, the IRO may terminate the external review and make a decision to reverse the adverse benefit determination.

7. Within 10 business days, the assigned IRO will timely notify the claimant in writing of the request's eligibility and acceptance for external review. The notice will include a statement that the claimant may submit in writing additional information to the IRO to consider.

8. Upon receipt of any information submitted by the claimant, the IRO must forward the information to us within one business day.

9. Upon receipt of the information, we may reconsider our determination. If we reverse our adverse benefit determination, we must provide written notice of the decision to the claimant and the IRO within one business day after making such decision. The external review would be considered terminated.

10. Within 45 days (72 hours for expedited) after the date of receipt of the request for an external review by the health plan, the IRO will review all of the information and provide written notice of its decision to uphold or reverse the adverse benefit determination to the claimant and to us. If the notice for an expedited review is not in writing, the IRO must provide written confirmation within 48 hours after the date of providing the notice.

11. Upon receipt of a notice of a decision by the IRO reversing the adverse benefit determination, we will approve the covered benefit that was the subject of the adverse benefit determination.
After you receive a decision from Ambetter by Sunshine Health concerning your benefits and feel further action is needed, you have the right to file a complaint with the Department of Financial Services, Division of Consumer Services.

You may request assistance of the Department of Financial Services, Division of Consumer Services by telephone at 1-877-MY-FL-CFO (1-877-693-5236), or if calling from outside of Florida (1-850-413-3089), by email at ConsumerServices@myfloridacfo.com, or online at: http://www.myfloridacfo.com/Division/Consumers/

You, or someone you authorized to do so, shall be provided, upon request and free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to the claimant’s claim for benefits. All comments, documents, records and other information submitted by the claimant relating to the claim for benefits, regardless of whether such information was submitted or considered in the initial adverse benefit determination, will be considered in the internal appeal.

Grievance Panel
The internal process requires that your appeal is handled by a grievance panel that does not include the person who made the initial determination or a subordinate of the original reviewer. During the grievance process, the initial decision maker may be consulted. The majority of the panel will consist of providers with the appropriate expertise. The panel must be requested within 30 days after Ambetter from Sunshine Health's transmission of an adverse determination. The panel will also provide a notice to the member and to the provider, if any, who filed on behalf of the member. In any case where the review process does not resolve a difference of opinion between the Ambetter from Sunshine Health and the member, the member (or provider) may submit a written grievance through an external review process. Members may voluntarily pursue binding arbitration (which you may incur some costs for this arbitration) after completing Ambetter from Sunshine Health’s grievance procedure and as an alternative to the external review process (refer to the External Review section for more information). Arbitration shall not preclude review pursuant to Rule 690-191.081 and shall be conducted pursuant to Ch. 682, F.S.

When the adverse benefit determination is based in whole or in part on a medical judgment, the grievance panel will consult with a licensed health care provider with expertise in the field relating to the grievance and who was not consulted in connection with the original adverse benefit determination.

Expedited Appeal
An expedited appeal may be submitted orally or in writing. All necessary information, including our determination on review, will be transmitted between the claimant and us by telephone, facsimile, or other available similarly expeditious method.

For an appeal to be processed as expedited at least one of the following must apply:

1. The duration of the standard resolution process will result in serious jeopardy to the life or health of the claimant or the ability of the claimant to regain maximum function.
2. In the opinion of a physician with knowledge of the claimant's medical condition, the claimant is subject to severe pain that cannot be adequately managed without the care or treatment that is the subject of the grievance.
3. A physician with knowledge of the claimant’s medical condition determines that the grievance shall be treated as an expedited grievance.

An expedited appeal provides for evaluation by appropriate clinical peers or peer (who were not involved in the initial adverse determination) within 24 hours. An expedited appeal shall be resolved as expeditiously as the claimant's health condition requires but not more than 72 hours after receipt of the
appeal. Written notification of the decision must be provided no later than 2 business days or three calendar days if the initial notification was not in writing.

A member has the right to request both an internal and external level expedited appeal, related to the denial of a service requiring medical review, simultaneously. If the expedited appeal is unresolved, the member may appeal through the external review process (refer to the External Review section for more information).

Upon written request, we will mail or electronically mail a copy of the claimant’s complete contract to the claimant or the claimant’s authorized representative as expeditiously as the appeal is handled.

Written Grievance/Appeal Response

Grievance and appeal response letters shall describe, in detail, the grievance and appeal procedure and the notification shall include the specific reason for the denial, determination or initiation of disenrollment. The panel’s written decision must include:

1. The disposition of and the specific reason or reasons for the decision;
2. Any corrective action taken on the grievance or appeal;
3. The signature of one voting member of the panel;

   e. If the adverse benefit determination is based on a medical necessity or experimental treatment or similar exclusion or limit, either an explanation of the scientific or clinical judgment for the determination, applying the terms of the plan to the claimant’s medical circumstances, or a statement that such explanation will be provided free of charge upon request;
   f. Identification of medical experts whose advice was obtained on behalf of the health plan, without regard to whether the advice was relied upon in making the adverse benefit determination;
   g. The date of service;
   h. The health care provider’s name;
   i. The claim amount;
   j. The diagnosis and procedure codes with their corresponding meanings, or an explanation that the diagnosis or procedure codes are available upon request;

   o. A copy of the form that authorizes the health plan to disclose protected health information, if applicable;
p. That assistance is available by contacting the specific state’s consumer assistance department, if applicable; and
